## Hi-Fi JET & CAMMJET

Effective 9/20/06

### **Piezo Certified Inkjet Media (PCM)**

#### **PCM Opaque Heat Transfer Material**

This unique garment transfer material is an opaque white media designed to be print and cut for heat transfer to light or dark garments, either cotton or cotton blend. Graphics are simply printed right-reading, placed on the garment and heat pressed using a transfer tissue or Teflon pad over the graphic (adhesive transfer products do not work well). Finished transfers offer terrific color with good handling.

PCM-HTM-50-50	50" x 50'	\$ 319.95
PCM-HTM-50-24	24" x 50'	\$ 154.95
PCM-HTM-11x17	11" x 17"	\$ 112.95 (per box of 50 sheets)
PCM-HTM-10-24	24" x 10'	\$ 42.95 (sample roll)

#### **PCM Heat Transfer Tissue - Sheets**

These tissues offer protection to heat transfer material for heat pressing (see description of PCM-HTM Opaque Heat Transfer Material). They can be re-used for multiple transfers. Packaged 100 sheets per box, these are an accessory item and not a printable material.

PCM-HTT-11X17	11" x 17"	\$ 24.95 (per box)
---------------	-----------	--------------------

#### **PCM Double-Side Matte Paper**

This 170 gsm product is coated on both sides for ease of use, especially when mounting and lamination are required. Duplex printing is also possible, but care should be taken to minimize roll curl. This media offers good opacity along with an excellent white point at an affordable price, and is suitable for many types of low-density image applications.

PCM-DSMP-100-52	52" x 100'	\$ 119.95
PCM-DSMP-100-42	42" x 100'	\$ 99.95

#### **PCM 150 Gram Heavy Matte Paper**

This product is heavyweight and affordable, and an excellent choice for color graphics applications including posters, point of purchase displays, trade show and board room graphics. The high opacity and exceptional white point, along with this product's ability to handle heavy ink load, assure a quality reproduction. When lamination or encapsulation is part of the application, this premium matte product can reduce your cost with very little loss in image quality.

PCM-PMP2-100-60	60" x 100'	\$ 184.95
PCM-PMP2-100-50	50" x 100'	\$ 159.95
PCM-PMP2-100-42	42" x 100'	\$ 134.95
PCM-PMP2-100-30	30" x 100'	\$ 99.95
PCM-PMP2-10-24	24" x 10'	\$ 18.95 (sample roll)

#### **PCM Photobase Semi-Gloss Paper**

This medium-weight microporous-coated photobase paper has a good white point and lustrous gloss level for a wide variety of graphic applications. This paper is fairly instant dry to the touch and laminates well, but care should be used in handling to avoid surface abrasion.

PCM-PSP-100-52	52" x 100'	\$ 219.95
PCM-PSP-100-42	42" x 100'	\$ 179.95

#### **PCM Photobase Glossy Paper**

This medium-weight microporous-coated photobase paper has a good white point and gloss level for a wide variety of graphic applications. This paper is fairly instant dry to the touch and laminates well, but care should be used in handling to avoid surface abrasion.

PCM-PGP-100-52	52" x 100'	\$ 219.95
PCM-PGP-100-42	42" x 100'	\$ 179.95

#### **PCM Water-Fast Backlit Film**

This backlit film offers vibrant color at an affordable cost-per-square-foot. It performs very well in conventional backlit applications and its water-resistant [water-fast] properties allow it to be used for some outdoor applications without concern for print deterioration from condensation. This product is designed to be reverse-imaged on the second surface and therefore, requires no lamination for standard backlit applications. It can also be mounted and laminated with pressure-sensitive adhesives.

PCM-WBF2-100-50	50" x 100'	\$ 349.95
-----------------	------------	-----------

*All pricing is subject to change without notice.*

Roland DGA Corporation \* 15363 Barranca Pkwy, Irvine, CA 92618 \* (800) 542-2307 \* (949) 727-2100 \* [www.rolanddga.com](http://www.rolanddga.com)

### **PCM Indoor Wet-Strength Banner Material**

This latex and nylon-fiber reinforced paper is durable enough to allow for hemming and grommeting. This water-resistant [water-fast] product is excellent for indoor use at trade shows, in meeting rooms and for retail displays. It is an affordable alternative for short-term outdoor event banners and can also be used as a custom-printed wall-covering material for wallpaper and mural applications.

<u>PCM-IDBM-50-50</u>	<u>50" x 50'</u>	<u>\$ 159.95</u>
<u>PCM-IDBM-50-30</u>	<u>30" x 50'</u>	<u>\$ 96.95</u>
<u>PCM-IDBM-10-24</u>	<u>24" x 10'</u>	<u>\$ 22.95 (sample roll)</u>

### **PCM Banner Material Tyvek®**

This Tyvek-base material is water-resistant, lightweight, and outdoor durable for 3-6 months depending on mounting and weather conditions. It is easily hemmed and grommeted, and is excellent for all types of event banners. Its high white point characteristics also make it suitable for high-quality retail display applications.

<u>PCM-WTBM-50-50</u>	<u>50" x 50'</u>	<u>\$ 279.95</u>
-----------------------	------------------	------------------

### **PCM Outdoor PVC Scrim Banner**

Based on a high-quality PVC scrim banner vinyl, this product is coated on one side to be Piezo Certified. This media is extremely durable, and exhibits an excellent white point and exceptional image quality. PVC scrim can be hemmed and grommeted and offers a waterproof solution for outdoor applications of 6-12 months, depending on weather and environmental conditions and the specifics of mounting.

<u>PCM-PVCB-50-50</u>	<u>50" x 50'</u>	<u>\$ 344.95</u>
-----------------------	------------------	------------------

### **PCM Matte Artist Canvas - 7 oz.**

This medium weight cotton/polyester blend canvas offers an excellent white point and images well in a variety of print modes. It is designed to be dry to the touch immediately after printing, and offers exceptional water-resistant properties. Auto sheet cutting is not recommended with this media.

<u>PCM-MAC7-40-60</u>	<u>60" x 40'</u>	<u>\$ 334.95</u>
<u>PCM-MAC7-40-52</u>	<u>52" x 40'</u>	<u>\$ 294.95</u>
<u>PCM-MAC7-40-42</u>	<u>42" x 40'</u>	<u>\$ 239.95</u>
<u>PCM-MAC7-40-24</u>	<u>24" x 40'</u>	<u>\$ 134.95</u>
<u>PCM-MAC7-10-24</u>	<u>24" x 10'</u>	<u>\$ 39.95 (sample roll)</u>

### **PCM Water-Fast Matte Vinyl**

This water-resistant adhesive-back vinyl is a 3.5 mil calendared vinyl with a semi-permanent adhesive. This product exhibits very good image quality and the matte surface eliminates glare. Ideally suited for long-term indoor and medium-term outdoor applications, it will provide outdoor durability of 3-6 months without lamination on regular or slightly curved surfaces.

<u>PCM-WMWV-40-60</u>	<u>60" x 40'</u>	<u>\$ 229.95</u>
<u>PCM-WMWV-40-50</u>	<u>50" x 40'</u>	<u>\$ 194.95</u>
<u>PCM-WMWV-40-42</u>	<u>42" x 40'</u>	<u>\$ 169.95</u>
<u>PCM-WMWV-10-24</u>	<u>24" x 10'</u>	<u>\$ 34.95 (sample roll)</u>

## **Performance Guaranteed Inkjet Media (PGM)**

### **PGM Premium Matte Warranted Vinyl, Permanent Adhesive**

This premium-quality 3.4 mil matte adhesive-back vinyl has a permanent adhesive and is designed for a variety of graphic applications requiring long-term adhesive durability. It images well in a variety of print modes, but is not conformable to rivets and irregular curves or indentations. It is warranted with pigment inks for 6 months outdoors without lamination and for up to 50 months outdoors with the appropriate overlamine film. Please refer to the warranty documentation for specifics of the warranty coverage.

<u>PGM-PMWVP-50-52</u>	<u>52" x 50'</u>	<u>\$ 269.95</u>
------------------------	------------------	------------------

### **PGM Translucent White Film**

This unique film is a hybrid of matte white film and traditional backlit film with an improved topcoat for indoor and outdoor durability. It is a heavyweight 9 mil film designed to be front print and displayed either front lit or backlit for a variety of display and trade show graphic applications. This material prints well with all ink types, has an excellent indoor and outdoor longevity with pigment inks, but should be mounted and laminated with high-quality solvent-based pressure-sensitive adhesives (if the adhesive makes contact with the printed surface).

<u>PGM-TWF-75-60</u>	<u>60"x75'</u>	<u>\$ 439.95</u>
<u>PGM-TWF-75-52</u>	<u>52"x75'</u>	<u>\$ 379.95</u>
<u>PGM-TWF-75-42</u>	<u>42"x75'</u>	<u>\$ 309.95</u>
<u>PGM-TWF-75-30</u>	<u>30"x75'</u>	<u>\$ 219.95</u>
<u>PGM-TWF-10-24</u>	<u>24"x10'</u>	<u>\$ 34.95 (sample roll)</u>

*All pricing is subject to change without notice.*

Roland DGA Corporation \* 15363 Barranca Pkwy, Irvine, CA 92618 \* (800) 542-2307 \* (949) 727-2100 \* [www.rolanddga.com](http://www.rolanddga.com)

### **PGM Floor Marking Overlamine Film**

This specially embossed 7 mil overlamine film offers a textured matte finish for floor graphics or any indoor graphics requiring a unique textured finish that simulates the look of polycarbonate film. It offers durable surface protection and is UL approved for slip-resistance. This is a pressure-sensitive film that is suitable for laminating adhesive-back vinyl as well as other media types for added protection and durability.

<u>PGM-OLF2-75-54</u>	<u>54" x 75'</u>	<u>\$ 219.95</u>
<u>PGM-OLF2-75-36</u>	<u>36" x 75'</u>	<u>\$ 149.95</u>
<u>PGM-OLF2-15-24</u>	<u>24" x 15'</u>	<u>\$ 32.95 (sample roll)</u>

### **PGM Premium Cast Gloss Overlamine Film**

This premium-quality 2 mil vinyl overlamine film is the perfect indoor and/or outdoor applications. It offers generous flexibility with a high gloss finish for maximum impact. Performance is guaranteed for 50 months outdoors when used with the PMWV Premium Matte Warranted Vinyl and Roland pigment inks. This is a pressure-sensitive film that is also suitable for laminating all other media for added protection and durability.

<u>PGM-OLPG-150-54</u>	<u>54" x 150'</u>	<u>\$ 524.95</u>
<u>PGM-OLPG-150-36</u>	<u>36" x 150'</u>	<u>\$ 349.95</u>

### **PGM Calendered Luster Overlamine Film**

This high-quality 3 mil calendered vinyl overlamine film is perfect for both indoor and outdoor applications requiring less flexibility and durability. It offers a unique semi-gloss or luster look for glare-reduction. Performance is guaranteed for 25 months outdoors when used with PGM-PMWV Premium Matte Warranted Vinyl and Roland pigment inks. This is a pressure-sensitive film that is also suitable for laminating all other media for added protection and durability.

<u>PGM-OLCL-150-54</u>	<u>54" x 150'</u>	<u>\$ 284.95</u>
<u>PGM-OLCL-150-30</u>	<u>30" x 150'</u>	<u>\$ 169.95</u>

## **Proof Quality Inkjet Media (PQM)**

### **PQM Premium Satin Photobase Paper**

This beautiful low-gloss photobase paper has an excellent white point and wide color gamut for stunning photo-realistic quality output. It is a very smooth 10 mil paper that holds a well-defined dot and offers water-resistance along with an exceptionally quick dry time. This paper offers excellent longevity, but should be protected to avoid surface abrasion.

<u>PQM-PSPB-100-50</u>	<u>50" x 100'</u>	<u>\$ 269.95</u>
<u>PQM-PSPB-100-36</u>	<u>36" x 100'</u>	<u>\$ 194.95</u>
<u>PQM-PSPB-100-24</u>	<u>24" x 100'</u>	<u>\$ 134.95</u>

### **PQM Super Hi Gloss White Film**

If the Hi-Fi JET has a signature media, this is it. This brilliant white 5 mil film has an excellent white point and offers exceptional dot definition for excellent high-quality printing including fine art and photographic reproduction. Additionally, the product is water-resistant [water-fast] and exhibits quick dry properties. It has been longevity tested at 75 years, although the surface can scratch fairly easily and should be protected for true long-term durability.

<u>PQM-PETG-66-52</u>	<u>52" x 66'</u>	<u>\$ 479.95</u>
<u>PQM-PETG-66-41</u>	<u>41" x 66'</u>	<u>\$ 399.95</u>

### **PQM Clear PET Film**

This 5 mil clear film with exceptional dot definition for high-resolution printing makes this media ideal for all types of overlays and specialty graphics. This product is water-resistant [water-fast] and also exhibits quick dry properties, although the surface can scratch fairly easily and should be protected for true long-term durability.

<u>PQM-CPF-66-52</u>	<u>52" x 66'</u>	<u>\$ 479.95</u>
<u>PQM-CPF-66-42</u>	<u>42" x 66'</u>	<u>\$ 399.95</u>

### **PQM Super Hi Gloss White Vinyl**

This brilliant white, water-resistant [water-fast] glossy vinyl is ideally suited for high-profile indoor graphics applications. Lamination with a high quality pressure-sensitive cast vinyl overlamine is necessary to provide adequate UV, scratch and abrasion resistance for most types of outdoor applications. The product is not suitable for use on irregular surfaces. This product features a semi-permanent adhesive and has a silver back-coating to block light. Exceptional dot definition means exceptional print quality.

<u>PQM-PVCG-66-47</u>	<u>47" x 66'</u>	<u>\$ 599.95</u>
<u>PQM-PVCG-66-42</u>	<u>42" x 66'</u>	<u>\$ 549.95</u>

*All pricing is subject to change without notice.*

Roland DGA Corporation \* 15363 Barranca Pkwy, Irvine, CA 92618 \* (800) 542-2307 \* (949) 727-2100 \* [www.rolanddga.com](http://www.rolanddga.com)

### **PQM Concorde Rag Fine Art Paper, Natural White**

This was the first coated fine art paper specifically engineered for a wide-format inkjet printer and the image quality is truly impressive. The 100% cotton fiber mould-made paper features a beautiful texture and at 256 gsm (grams per square meter), has a quality feel. The paper is pH neutral, acid-free and lignin-free. The natural white paper contains no optical brighteners and contains calcium carbonate as filler. The product is water-resistant [water-fast] when used with our pigment ink set. Print permanence testing (measured at 450 lux simulating gallery conditions) conducted by Wilhelm Imaging Research, Inc. Grinnell, Iowa, determined that expected print life is between 120-130 years. Care should be taken to avoid head strikes when using this media.

<u>PQM-CRNBW-49-50</u>	<u>50" x 49'</u>	<u>\$ 364.95</u>
<u>PQM-CRNBW-49-42</u>	<u>42" x 49'</u>	<u>\$ 309.95</u>

### **PQM Concorde Rag Fine Art Paper, Bright White**

This was our second coated fine art paper specifically engineered for a wide-format inkjet printer and once again, the image quality is truly impressive. The 100% cotton fiber mould-made paper features a beautiful texture and is pH neutral, acid-free and lignin-free. This 256 gsm product is water-resistant [water-fast] when used with our pigment ink set. Print permanence testing (measured at 450 lux simulating gallery conditions) yielded results comparable to the Concorde Rag Natural White paper. Care should be taken to avoid head strikes when using this media.

<u>PQM-CRNBW-33-60</u>	<u>60" x 33'</u>	<u>\$ 284.95</u>
<u>PQM-CRNBW-33-50</u>	<u>50" x 33'</u>	<u>\$ 234.95</u>
<u>PQM-CRNBW-33-42</u>	<u>42" x 33'</u>	<u>\$ 199.95</u>
<u>PQM-CRNBW-33-24</u>	<u>24" x 33'</u>	<u>\$ 112.95</u>

### **PQM Provence Rag Fine Art Paper, Soft White**

A beautiful, softly textured fine art paper, this 310 gsm product is a wonderful soft white with excellent color output. It is also 100% cotton fiber and mould-made and is PH neutral, acid free and lignen-free. This heavier weight paper is specifically engineered for wide-format inkjet printing and is also water-resistant [water-fast] when used with our pigment ink set. Care should be taken to avoid head strikes when using this media.

<u>PQM-PRSW-40-47</u>	<u>47" x 40'</u>	<u>\$ 269.95</u>
<u>PQM-PRSW-40-36</u>	<u>36" x 40'</u>	<u>\$ 199.95</u>

### **PQM Tuscan Rag Fine Art Paper, Bright White**

This 310 gsm paper is a wonderful bright white with exceptional smoothness for excellent color and black & white photographic output. It is 100% cotton fiber and mould-made and is PH neutral, acid free and lignen-free. This heavier weight paper is specifically engineered for wide-format inkjet printing and is water-resistant [water-fast] when used with our pigment ink set. Care should be taken to avoid heads trikes when using this media.

<u>PQM-TRBW-40-47</u>	<u>47" x 40'</u>	<u>\$ 289.95</u>
<u>PQM-TRBW-40-36</u>	<u>36" x 40'</u>	<u>\$ 219.95</u>
<u>PQM-TRBW-40-24</u>	<u>24" x 40'</u>	<u>\$ 144.95</u>
