CE7000 SERIES

MAIN DIFFERENCES BETWEEN CE6000 PLUS AND CE7000:

CE6000 Plus ·········▶ CE7000
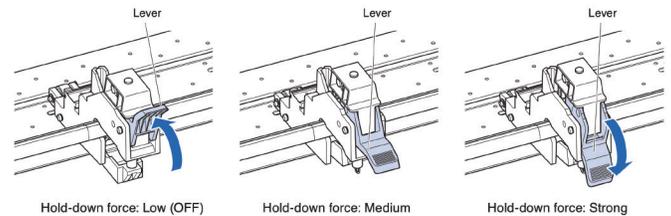

GRAPHTEC

basket
optional

NOTES FOR TECH GROUPS:

• **Cutting Conditions & Tool Set Up** to achieve best cut quality is the same as the CE6000Plus.

• **Print and Cut Workflow** is still the same

• **Blades and Blade Holders** are all the same.

• **Software** is also still the same for the CE7000 Cutting Master 4 Plug in/Graphtec Pro Studio and Graphtec Studio for Mac.

CONTROL PANEL has 2 NEW Buttons:
• **SLOW Button:** Replaces FAST Button
• **BARCODE Button:** Initiates Barcode Reading

No Stand-by Location for Unused Push Rollers:
All push rollers will be over the media. Set pressure lever to OFF so that push roller wheel does not affect media.

Lever   Lever   Lever

Hold-down force: Low (OFF)   Hold-down force: Medium   Hold-down force: Strong

Total of 4 Push Roller Arms on 50" Model
3 Pressure Levels on Push Rollers: Strong, Normal & OFF.

No Controller Software for the CE7000

USB Port for Flash Drive: No PC connection needed.

Perf Cutting Capabilities:
Second tool holder position of cutting channel.

New Reading of Specialty Media:
via Recommended Settings Option in menu when using Print and Cut on specialty and glossy media.
Note: See User's Manual

Updated Users Manual
Shows Exact Print and Cut Workflow with Supplied Software - DATALINK (Barcode) Workflow.
See Chapter 13 of User's Manual

TECH / SERVICE DIFFERENCES:

Ethernet Connection:
Now integraded within the main board.

Easier Removal of Push Roller Wheels:
Now is done using a push pin instead of E clips.

New Main Board Calibration Procedure:
After physically replacing board, a control panel button combination is all that is needed to transfer all calibrations.
Note: See Service Manual: Copying adj. values from SUB-NVRAM

New Way of Isolating RM sensor:
Testing Output Lever for Troubleshooting.
Note: See Service Manual: Troubleshooting section

Barcode (DATALINK)
Reads barcode and retrieves cut file from CM4 / GPS for continuous operation.
Note: See Basic Operation of Printing, Cutting Manual and supporting videos
