

Cutter Stand CAMM-1 (GX-24)

GXS-24 \$295.00 USD. Prices subject to change without notice.

This optional stand for the CAMM-1 cutter is made of durable steel, powder coated for durability and quality. Manufactured in the United States, its durable design and heavy-duty rollers allow for even the heaviest rolls of media to be loaded and run through the servo motor driven GX-24. With integrated casters, this stand can move your cutter around your shop with ease. **note: GX-24 CAMM-1 Vinyl Cutter pictured with the GXS-24 stand not included.
