

The label you are admiring was printed by a Roland SOLJET Pro III XC-540 54" printer/cutter using Roland's new Eco-Solvent MAX white ink. This unique solution prints CMYK+White on transparent substrates for labels and stickers, packaging comps, window signs, POP and more. When it finishes printing, the XC-540 quickly and automatically contour cuts your graphics with astonishing precision.

Eco-SOL MAX White Ink is the only solution on the market that allows you to take advantage of Roland's award-winning inkjet technology – all in an eco-solvent environment that does not require special environmental or ventilation equipment.

Best of all, Eco-SOL MAX White Ink comes from Roland and is backed by Roland's legendary standards for quality, service and reliability.

### Eco-SOL MAX White Ink Features:

- Prints Crisp, White Graphics Onto Transparent Substrates
- Safe to Use and Virtually Odor Free
- Requires no Special Environmental or Ventilation Equipment
- Available as an option for the SOLJET XC-540 and SC-545 Printer/Cutters
- Comes in convenient, no-mess 220 ml cartridges
