

Important Installation Instructions for Your MPX-50

The MPX-50 will not function at all until the Packing Set Screw is removed. Before you begin the set up procedures in your MPX-50 User's Manual, please follow the instructions below to remove this screw.

- 1) Remove the cardboard packing material.
- 2) Use a Phillips screwdriver to remove the packing set screw.

- 3) Continue the set-up process, using the MPX-50 User's Manual.
