

Introducing the New VersaEXPRESS™ RF-640

Productivity and reliability at a smart price.

The advanced yet easy-to-use VersaEXPRESS RF-640 64-inch eco-solvent inkjet offers it all — outstanding print quality at speeds of up to 521 square feet per hour, unsurpassed reliability and exceptional value.

The RF-640 boasts the latest printhead technology, GREENGUARD Gold Certified Eco-Sol MAX® 2 inks, plus intelligent new features for enhanced productivity and ease-of-use. An innovative Roland Ink Switching System allows the printer to switch to a new ink cartridge right from the front of the machine without having to stop and restart the printer when the original runs out, for trouble-free, continuous printing and increased production capability.

Thanks to a new Roland Printer Assist app you can even control common printer functions such as test printing and cleaning using an iPad. Stay connected through Roland OnSupport printer alerts e-mailed to your computer or mobile device. An included media take-up unit and VersaWorks® RIP software seal the deal. It all adds up to a business purchase that's pure genius.
