

SRM-20 Labels

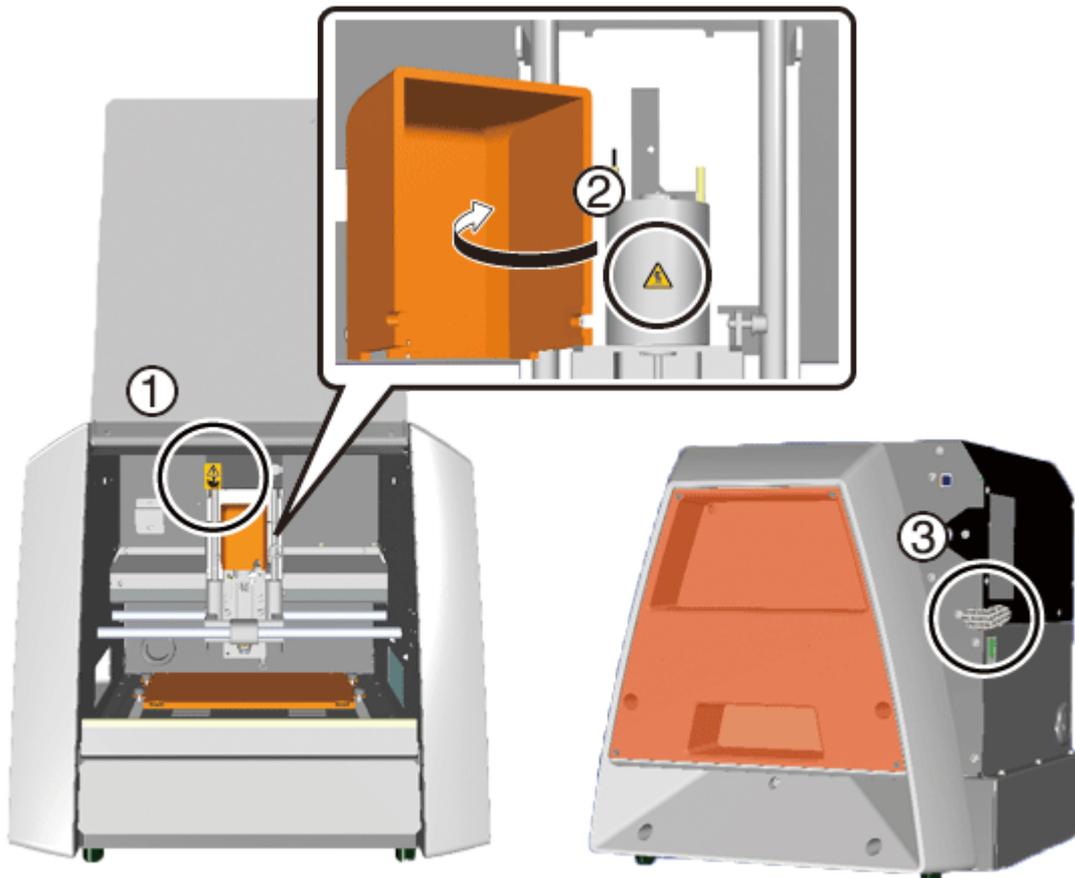

The meanings of the labels affixed to the machine are as follows. Be sure to heed their warnings.

Warning Labels

Warning labels are affixed to make areas of danger immediately clear. Never remove the labels or allow them to become obscured.

Security Label

You will void the machine's warranty if the security label is removed. This applies even if the label is reattached after it has been removed. Take care not to remove the label inadvertently.

No.	Type of Label	Meaning
①	Warning Labels 	Caution: Sharp Tool Inadvertent contact may cause injury.
②	Warning Labels 	Caution: High Temperature Never touch immediately after cutting operation.
③	Security Label 	You will void the machine's warranty if the security label is removed. This applies even if the label is reattached after it has been removed.
