

"Our Roland brings tremendous value to our company. Its ability to output rich colours, combined with its high-speed performance make it ideal for both our high-volume production runs and on-demand jobs."

MARIO GONZAGA
UNO Digital Screen Press, Ltd.
Richmond, BC, Canada

ACE EVERY JOB.

IMAGES THAT POP. SPOT COLORS THAT HIT THE TARGET. THAT'S PURE PRINT PERFORMANCE.

Looking to improve your game? Our line of wide-format inkjets deliver pure print performance every time. The PRO III XC and XJ series features Roland Intelligent Pass Control that combines advanced droplet technology with precisely-controlled media movement to deliver richly saturated 6-color prints with smooth gradations and flawless solid colors at resolutions up to 1440 dpi. For serious power users, the advanced AJ series delivers beautiful, durable graphics up to 104" wide on banner, vinyl and flexible face media including backlits at speeds up to 968 sqft/hr. With every Roland inkjet, you can count on outstanding photo-realistic print quality, durability, Roland Color Matching System for true spot color matching, superior performance on a wide variety of coated and uncoated media, and best of all, Roland's legendary reliability. No matter what the job, from signage and posters to vehicle graphics to durable banners that fill a wall...ace it every time with a Roland.
