"I love my VersaCamm because I can design the next job while the first one is printing and cutting. I'm a one man shop, and VersaCamm makes that possible."

GRAPHICS BY BRAD STYRON, PLAYA GRAPHICS

VERSACAMM VP. THE MOST VERSATILE INKJET PRINTER/CUTTER ON LAND OR SEA.

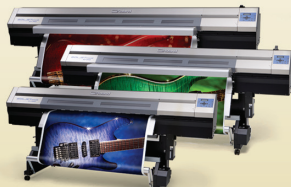

If there's one thing sports enthusiasts love more than playing with their grown-up toys, it's showing them off. And that means graphics. Miles and miles of eye-popping durable graphics. So the question is, are you ready to print a twenty foot banner followed by a series of contour-cut decals and topped off with a custom boat graphic? Like Brad Styron, you CAN be ready for that and more with the incredibly versatile VersaCamm VP, the most popular printer/cutter in the world. With every Roland inkjet, you can count on outstanding photo-realistic print quality, durability, Roland Color Matching System for true spot color matching, superior performance on a wide variety of coated and uncoated media, and best of all, Roland's legendary reliability. No matter what the job, from signage and posters to vehicle graphics to a custom thirty-foot pleasure craft...the VersaCamm VP will float your boat.
