

Congratulations on your Purchase of VRAY from 3DTechnics!

1. SERIAL NUMBER

Your serial number is on your invoice from 3DTechnics.

2. FORUMS

Please visit the VRAY forums for user information on V-Ray:

<http://www.asgvis.com>

--> forums

3. INSTALLATION QUICK-START

a) Download the VRAY installation file from:

http://www.3dtechnics.com/support_vray.phtml

b) Run the exe program and install V-Ray on your computer.

c) After completing the installation run Rhino or Sketchup and choose V-Ray as your renderer. If you hit render, you will be prompted to enter your serial number. Type in the serial number issued to you from 3DTechnics.

4. SUPPORT

You can contact your reseller, 3DTechnics Systems Incorporated at corporate@3dtechnics.com, if there are any issues with the installation. You can also contact the official V-Ray for Rhino support email is support@asgvis.com.

VRay for Rhino and Sketchup are plugins created by:
