

EDUCATION SOLUTIONS BY TEACHERS FOR TEACHERS

CAD/CAM, Apparel, Signage and Packaging Production Made Easy

Developed by a team of technical educators, Roland Education Solutions provide everything you need to teach your students signmaking, graphic design, CAD/CAM, manufacturing and package design. Our kits don't require expertise or hours of training on the part of the instructor. We've done the homework for you. The comprehensive curriculum is broken up into individual lessons with a variety of real world projects than can be completed within a single class setting.
