

PRINTED ON ROLAND'S XC-540 AND XJ-640 USING 3M CONTROLTAC PLUS IJ180CV2-10 AND SCOTCHCAL HIGH GLOSS OVERLAMINATE 8518

## WITH THE PURE PRINT PERFORMANCE OF ROLAND

These days, it's all about wraps. From trucks to buses to boats and planes...if it moves, it's a vehicle of bold expression. An entire fleet? Bring it on. And nothing is better at wraps than Roland inkjets. Because these devices were *Born to Wrap*.™ With every Roland inkjet, you can count on outstanding photo-realistic print quality, proven durability, Roland Color Matching System for true spot color matching, superior performance on a wide variety of coated and uncoated media, and best of all, our legendary reliability.

## INKJETS, YOU CAN RACE THROUGH ANY WRAP.

With the introduction of four all-new printers, we now have 10 models ranging from the best-selling 30" VersaCamm to the high-volume 104" AdvancedJET printing at speeds up to 968 sqft/hour. So whether you're wrapping a single Smart Car or a fleet of 18 wheelers, you're sure to find a perfect fit for your business. We even have five integrated printer/cutters that produce stunning contour-cut partial wraps and decals. Over the years, our printers have won just about every printing award out there. Champs like us, baby, were born to wrap.
